Sparks on one page

Screen-free, hands-on experiences for summer camps.

RAINY DAYS | CHANGES IN PLANS | LUNCH BUNCH | EXTENDED DAY | EARLY DROP-OFF

Prices in US dollars, November 2026.

Which Spark for which grade

STARTS AT	SPARKS
Starts at Pre-K	Blendies, Straw Structures
Starts at K	Art Machines, Hypnotizers, Linkages, Mazes, Monster Mouths
Starts at grade 1 or 2	Crankie Contraptions, Drawbots, Eyelusions, Flying Machines, Scene Machines, Screen Machines, Strawbots, Wind-Up Vehicles
Starts at grade 3 or 4	Electric Vehicles, Monster Claws

Most Sparks go through grade 8; Art Machines, Hypnotizers and Monster Mouths stop at grade 5 (grades from the store and the educator guides).

Where Sparks fit

- **Existing hours.** Slot a Spark into time your program already runs. Each Spark takes 30 to 60 minutes.
- **Rainy days and changes in plans.** Everything is in the bag, so a change of plans takes very little setup.
- **A project that goes home.** Every camper builds their own and keeps it.
- **Many ages in one group.** Campers of different ages can build the same Spark side by side.

Once in a while or once a week

An example 6-week plan for lower elementary campers, one Spark a week (grades and times from each educator guide).

Week 1	Hypnotizers	Grades K through 5, about 30 min
Week 2	Blendies	Pre-K through grade 8, about 45 min
Week 3	Monster Mouths	Grades K through 5, about 45 min
Week 4	Mazes	Grades K through 8, about 45 min
Week 5	Linkages	Grades K through 8, about 45 min
Week 6	Straw Structures	Pre-K through grade 8, about 60 min

Pack prices at three order levels (US dollars)

PACK	CAMPERS ON YOUR SEASON ORDER	INVENTORY	DROP SHIP
Small Group Pack (10)	Under 250	**$50.58 to $59.08**	**$53.55 to $62.55**
	250 to 999	**$44.63 to $52.13**	**$47.60 to $55.60**
	1,000+	**$38.68 to $45.18**	**$41.65 to $48.65**
Class Pack (25)	Under 250	**$89.25 to $103.70**	**$94.50 to $109.80**
	250 to 999	**$78.75 to $91.50**	**$84.00 to $97.60**
	1,000+	**$68.25 to $79.30**	**$73.50 to $85.40**

Count every camper on your season order, across all your sites. Orders for one summer that are placed together count together. Each Small Group Pack counts 10 campers and each Class Pack counts 25. Component sets do not count toward the camper total; they are priced at the same level as the rest of your order. Prices are per pack and depend on the Spark. White label prices at every level are in the price list, with no setup fee.

Two ways to order

Central inventory: you stock it, you ship it.
Orders ship in bulk to your warehouse. You hold the inventory and send kits out to your camp sites.

Central inventory freight.
FOB Baltimore, on your freight carrier account. We provide pallet weights, dimensions and freight class.

Drop ship.
We ship each order straight to each camp host site under your order. Freight is quoted per order. Payment terms are confirmed on a call.

Two quick answers

"Will it work for young campers?"
2 Sparks start at Pre-K. Pre-K and TK campers do best with an adult building alongside.

"How are the packs barcoded?"
Every pack has a SKU and a GS1 UPC barcode. Both are on the price list.
